AI & Automation Intern

OneBox - DNE | Current

- Developed and maintained AI and automation solutions using AWS services.
- Built and integrated REST APIs with Java, Python and FastAPI.
- Maintained systems, fixed bugs, and integrated MySQL and PostgreSQL databases.

PROJECTS:

LinkedIn/Spreadsheet Automation Script

GitHub: https://github.com/OmarFLK/script_automa-o_planilha_python

Python script developed to automatically search for names of people and companies on LinkedIn using Python, Selenium, Selenium Stealth, and Pandas. Automated a process that previously took approximately 3 days of manual work, reducing it to around 1 hour and generating over 600 leads.

Educational Website – Poliedro

GitHub:
https://github.com/OmarFLK/Projeto_Poliedro_OFABA

Educational web platform with login, management of students, teachers, grades, and activities, built with HTML, CSS, JavaScript, MongoDB, Express, and Node.js.

Professional Portfolio

GitHub: https://github.com/OmarFLK/portifolio

Responsive website developed to showcase projects, skills, and professional experience, built with HTML, CSS, and JavaScript.

SUMMARY:

Data Science and Artificial Intelligence student at Instituto Mauá de Tecnologia. Experience with automation, data analysis, web development, and scalable solutions using Python, SQL, Power BI, and JavaScript. Analytical profile, hands-on, and results-oriented.

CERTIFICATIONS

- IBM Web Fundamentals
- IMT Power BI (Basic)
- IMT Python for Data Science
- USP/MBX Introduction to Python and Machine Learning
- IBM Cloud Computing Fundamentals

LANGUAGES

- English (A2/B1) – Lower Intermediate
- Spanish (B2) – Intermediate
- Portuguese – Native
- Arabic (A1) – Basic

ADDITIONAL COURSES

- Programming Logic – Alura
- Python – Alura
- HTML and CSS – Alura
- Git and GitHub – Alura

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, Java
- **Web:** HTML, CSS, Node.js, Express
- **Database:** MySQL, MongoDB, SQL
- **Data / BI:** Power BI, Excel
- **Tools:** Git, GitHub, Postman

Soft Skills:

- Communication
- Analytical Thinking
- Problem Solving
- Teamwork
- Time Management
- Proactivity
